

MESSAGE BOARDS

Silent Messenger Message Board Full-Sized

USES AND ADVANTAGES

The "Silent Messenger" full-sized Message Board is the cornerstone of the SolarTech product line. This rugged portable changeable message sign is designed to provide information to improve traffic flow and safety in work zones, for both drivers and workers.

The Silent Messenger consists of a 126" w x 76" h sign panel with a 27 x 48 pixel full matrix LED display on a sturdy steel trailer, powered by a combination of solar panels and batteries. The sign telescopes on a lift and rotate mast, and can be rotated for optimal visibility.

OPTIONAL REMOTE CONTROL AND GPS TRACKING!

When choosing this option, the Message Board will come installed with a GPS receiver, a cellular transceiver, and **FREE lifetime cellular service**.

SolarTech's Command Center software allows you to track and manage your equipment from your laptop, PC, or smartphone.

With Command Center you can:

CHANGE messages remotely.

ACCESS units from a map or list.

CONTROL units individually or broadcast to a group.

BUILD a message library, share messages between boards, schedule messages and more.

RECEIVE automatic email notifications when a message changes, if the battery voltage is low, if a pixel fails, or if the unit moves.

Keep tabs on your whole fleet... without leaving your desk!

No more misplaced equipment... fewer problems... less downtime!

EASY-TO-USE CONTROLLER

The touch-screen controller needs no manual - it's that easy to use! Includes:

- Password protection
- Intuitive icons for ease of use
- Scheduling capability
- Fully networkable
- NTCIP version 3 compatible
