

MESSAGE BOARDS

Silent Messenger III Message Board Mid-Sized

USES AND ADVANTAGES

The "Silent Messenger III" mid-sized message board is a truly reliable workhorse. A 27 x 48 pixel full matrix LED display on a sturdy steel trailer is powered by both solar panels and batteries.

Display sign panel measures 78" wide by 46" high, giving a clean crisp readable message. Available in either a foldable or a Lift and Rotate trailer.

OPTIONAL REMOTE CONTROL AND GPS TRACKING!

When choosing this option, your Message Board will come installed with a GPS receiver, cellular transceiver, and FREE lifetime cellular service. Use with SolarTech's Command Center software for remote communication. This software allows you to track your equipment using the built-in cellular transceiver and GPS system.

Manage your fleet from your laptop, PC or smartphone... without leaving your desk! Access units from a map or list. Control units individually or broadcast to a group.

You can build a message library, share messages between boards, schedule messages and more.

Get automatic email notifications when a message changes, if the battery voltage is low, if a pixel or module fails, or the unit moves.

Keep tabs on your whole fleet. No more misplaced equipment... fewer problems... less downtime!

EASY-TO-USE CONTROLLER

The touch-screen controller needs no manual - it's that easy to use! Includes:

- Password protection
- Intuitive icons for ease of use
- Scheduling capability
- Fully networkable
- NTCIP version 3 compatible
