

FIRE HOSE INSPECTION

FIRE HOSE INSPECTION

The Fire Hose is the physical hose which is attached to the water source which carries the water or other water source which carries water or other fire retardant to extinguish a fire.

By law, all in service hoses must be inspected. This confirms the hose is in proper working order.

FoxCanada offers the following Fire Hose servicing:

- ✓ Can be done on-site or off-site
- ✓ Annual Inspections
- ✓ Annual or 3-Year Hydro testing
