

MESSAGE BOARDS

Silent Messenger IV Message Board Small-Sized

USES AND ADVANTAGES

This "Silent Messenger IV" is a small message board, sized right for residential areas, for city or county roads, or anywhere that a smaller footprint is preferred. Available in 3 panel sizes and a variety of matrices, this message board is powered by a combination of solar panels and batteries.

Radar can be easily added to communicate a simple message plus vehicle speed to calm traffic.

OPTIONAL REMOTE CONTROL & GPS TRACKING!

Looking to communicate with your Message Board remotely? With this option, the unit comes installed with a GPS receiver, cellular transceiver, and FREE lifetime cellular service. Use with SolarTech's Command Center software, which allows you to track your equipment using the built-in cellular transceiver and GPS system.

Manage your fleet from your laptop, PC or smartphone... without leaving your desk! Access units from a map or list.

Control units individually or broadcast to a group.

You can build a message library, share messages between boards, schedule messages and more.

Get automatic email notifications when a message changes, if the battery voltage is low, if a pixel fails, or the unit moves.

No more misplaced equipment... fewer problems... less downtime!

EASY-TO-USE CONTROLLER

The touch-screen controller needs no manual - it's that easy to use! Includes:

- Password protection
- Intuitive icons for ease of use
- Scheduling capability
- Fully networkable
- NTCIP version 3 compatible
