

# KITCHEN SUPPRESSION SYSTEM INSPECTION

## Kitchen Suppression System Inspection

It is important to inspect your Kitchen Suppression System regularly. This is completed on-site while the kitchen is not in use. The inspection is done annually and every 12 years to maintain commercial system.

The main purposes of a Kitchen Suppression System Inspections are:

- ✓ To ensure the system is functioning properly
- ✓ There is no unwanted/untimely leakage
- ✓ To ensure the system will pass a code enforcement inspection or insurance audit
