

GardaWorld Monitoring

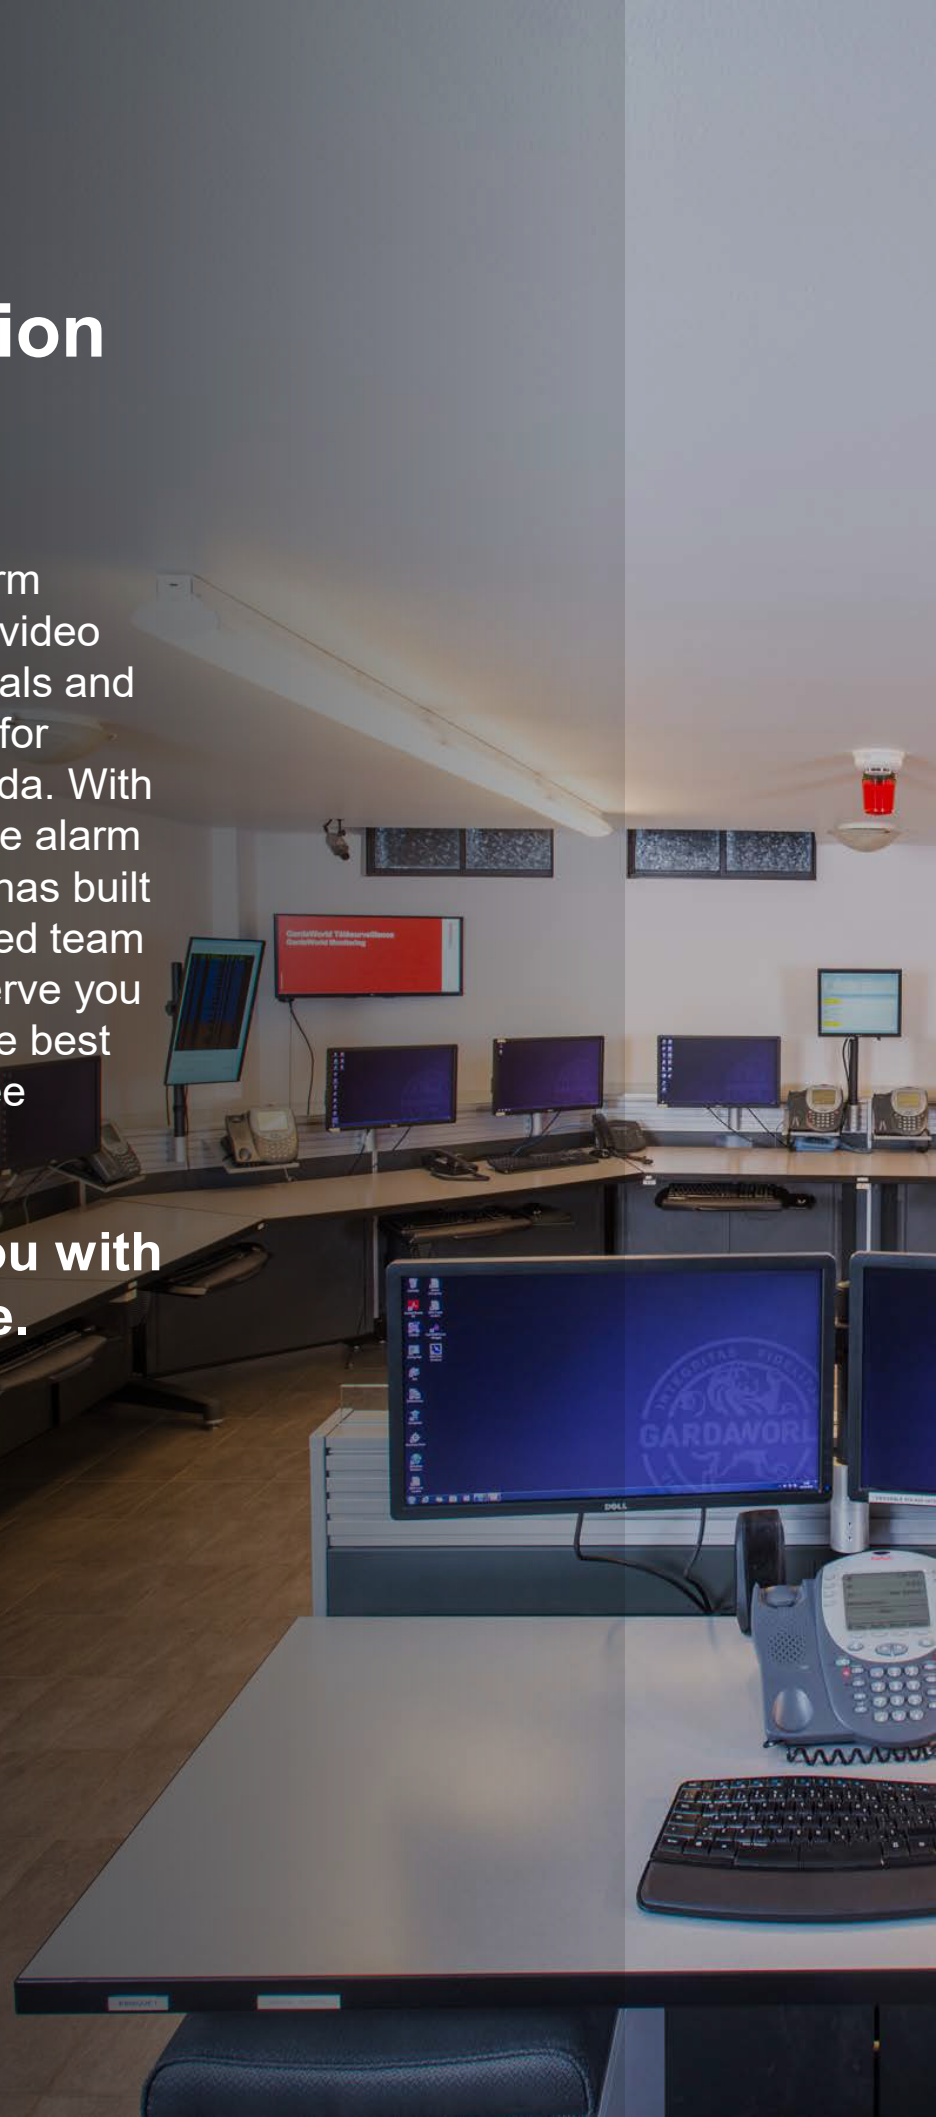

GARDAWORLD

Authorized Service Partner
FOX
CANADA

Complete protection for you

GardaWorld Monitoring is an alarm monitoring centre specializing in video surveillance, handling alarm signals and dispatching emergency services for security companies across Canada. With over 40 years of experience in the alarm industry, our management team has built a passionate and highly disciplined team of security experts. In order to serve you better, we continually invest in the best technologies, as well as employee training and support.

**Our goal is to provide you with
the best possible service.**

Services

- Local and toll-free digital line monitoring
- Internet, cellular and home automation communication
- Medical alarm monitoring and two-way voice intervention
- Video surveillance with cloud hosting and analytics
- Activity reports and open/close signal reports via email or SMS
- Virtual guard: verification of each camera at specific times
- GardaWorld mobile patrol units for alarm response or prevention patrolling
- Other GardaWorld security guard services are available and can be tailored to your needs – ask us for more information!

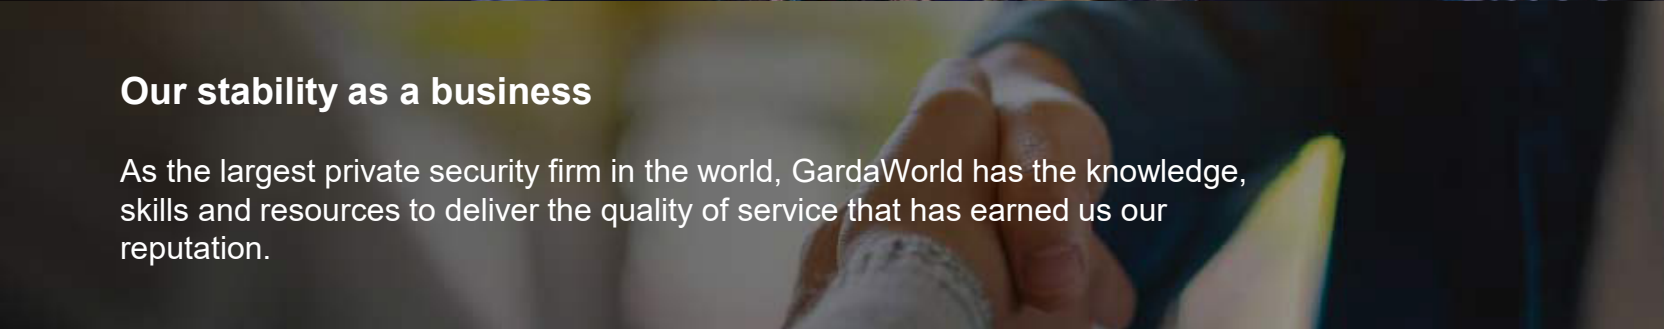

The GardaWorld Difference

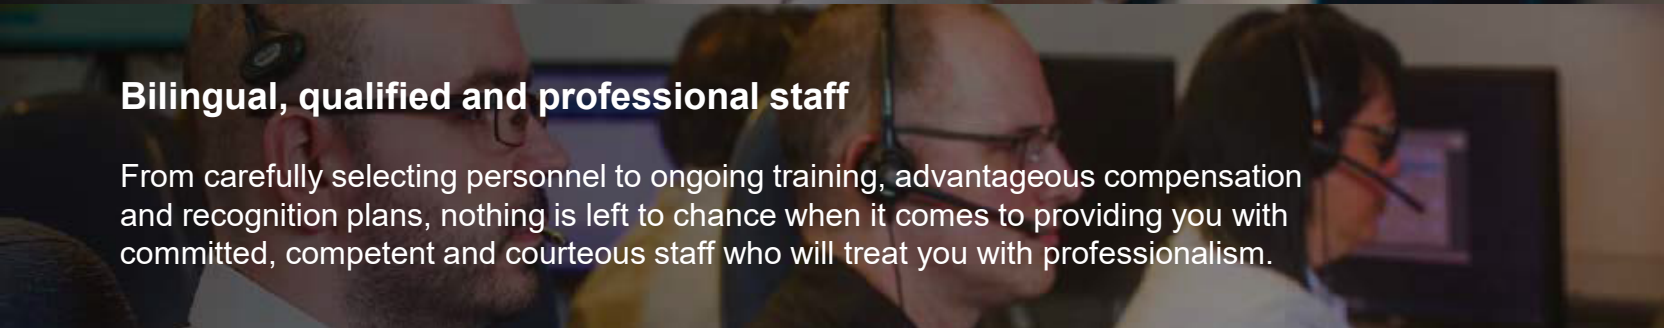

Extensive protection against unforeseen events

Our redundant facilities, software and equipment are designed to provide consistent, top-quality service, and are supported by multiple alternative power supplies in the event of a power outage.

Our stability as a business

As the largest private security firm in the world, GardaWorld has the knowledge, skills and resources to deliver the quality of service that has earned us our reputation.

Bilingual, qualified and professional staff

From carefully selecting personnel to ongoing training, advantageous compensation and recognition plans, nothing is left to chance when it comes to providing you with committed, competent and courteous staff who will treat you with professionalism.

ULC-approved monitoring centre

Our monitoring centre is ULC-approved for fire and burglary (Underwriters Laboratories of Canada), which means that we meet the highest standards of performance and employee training.

Experience in all sectors

We currently monitor over 60,000 customers across multiple sectors, including residential, commercial, industrial and institutional properties. Our monitored sites include school boards, city halls, water pumping stations, farms, greenhouses, elevators, data centres, car dealerships and pharmaceutical laboratories.
