

FIXED GAS DETECTION INSPECTION

FIXED GAS DETECTION INSPECTION

In many facilities, hazardous gases can be a serious danger. Fixed Gas Detection is a system that is permanently installed with the aim of providing continuous area and personnel protection.

It is important to have proper maintenance of gas detectors to ensure gas sensors are accurately detecting gas levels.

Services FoxCanada offers for Fixed Gas Detection:

- ✓ Sensor Calibration
- ✓ Service Repair
- ✓ Replacement of Various Manufacturers
- ✓ Must be done on-site
- ✓ Servicing can be done on a 3-month, 6-month, or annual basis depending on manufacturer
