

FIRE EXTINGUISHER INSPECTION

FIRE EXTINGUISHER INSPECTION

FoxCanada provides professional on-site portable fire extinguisher services designed to ensure compliance, safety, and operational readiness.

Our certified technicians perform inspection, maintenance, testing, and recharging directly at customer facilities, reducing downtime and ensuring that extinguishers remain in peak condition.

Services include pressure checks, refilling, hydrostatic testing, and replacement where required, all in accordance with applicable safety standards and codes. By delivering efficient on-site support, FoxCanada helps organizations maintain fire protection equipment that is reliable, properly certified, and ready for use.

FoxCanada is ISO9001:2015 Certified
